Banking and Finance

The attorneys of the Meyner and Landis LLP Banking Group represent lenders (whether as lead lender, participant, or agent) in asset-based, construction, commercial and real estate loan transactions and banking litigation. Our clients are lenders making commercial loans, mortgage term loans, or offering lines of credit.

Meyner and Landis' attorneys provide legal services related to loans, from the "birth" of a loan in structuring and closing to the "death" of a loan in work out or bankruptcy.

Loan Transactions: Our lender attorneys structure loan transactions, negotiate loan transactions, prepare all documentation and participate in loan closings.
