The business law attorneys at Meyner and Landis LLP provide transactional services and litigation services for New Jersey businesses, including nonprofit organizations.

Business Formation: Meyner and Landis' business law attorneys assist clients with business planning and in choosing the right business structure for their new foreign or domestic business venture. Whether forming an LLC (limited liability company) or incorporating a business, the proper legal structure will accomplish business goals while limiting risk to the business owners and the business itself. We routinely assist nonprofit organizations seeking to secure 501(c)(3) status and in corporate governance matters.

Corporate and Commercial Transactions: The Business Law attorneys at Meyner and Landis work with companies of all sizes in business mergers, acquisitions and reorganizations. We assist with the issuance of stock, drafting of stockholder agreements and capitalization of companies.

Business Real Estate: Our real estate attorneys assist clients, from residential homebuilders to large commercial developers with the purchase and sale of properties, planning and zoning approvals, environmental clean-up and compliance with New Jersey laws requiring environmental assessments and remediation of properties. We provide legal representation before planning and zoning boards and boards of adjustment.
